On the road with Montfort in Belgium

LEUVEN, Belgium - With the Mass on September 8 which was celebrated in the great Church of Saint Peter and was followed by the renewal of the baptismal promises of all the participants, the confreres of the community of Kessel-Lo launched the initiative “*On the road with Montfort*”. Its aim is to create a movement that can reach young students and interest them in our Montfortian spirituality from the region of Leuven.
